LEADING CONTESTANTS
(Continued from Page One)

To friends and well-wishers of contestants we point out that it may be physically impossible for them to attend the competition for that friend; relative or acquaintance, to find time to reach you. Contestants will find it impossible to reach everyone, therefore, we like to let them personally. They all have lists of unredeemed promises. Is your name on such a list? If so, now is the time to redeem that promise by placing a call to that contestant's home or to call the Contest Department of the HERALD with your subscription, new or renewal to be credited to that favorite.

BWPW ELECT SARA CREECH TO ATTEND NAL CONVENTION

The Business and Professional Women's Club held a social meeting and wine roast in the Municipal Park Tuesday evening. Mrs. Barbara Smith, president, presided over the business meeting. The club voted Miss Sara Lee Creech as delegate to the National BWPW to represent the State. The State convention will be held at the Hall Wednesday afternoon.

The meeting was opened by Lorraine Brooks, past president of Unit 20, and, after introduction of the guests, turned

Local Chief Of Police Graduates From FBI National Academy

Fire arms instruction, included the sub-machine gun, took several days of the time of students at the FBI National Academy. Chief Goldett, in charge, keeps the misuse of the gun trained on the target.

Chief Charlie Goldett and his men are currently engaged in the training of 300 other selected enforcement officers from throughout the U. S. and Puerto Rico.

"It's certainly a pleasure to be able to attend this School,"

Graduates of the Academy are expected to conduct similar classes among their own organizations when they return home.

Charlie and Goldett will spend some time seeing the Capitol city, though the course demanded night and day work for five days per week.

Mr. McCarthy's side show engaged the attention of most of the students and Congressmen, Dwight Rogers and the Senators helped make her visit enjoyable.

DETAILS of the FINAL COUNT

In order to maintain strictest secrecy as to the number of votes and subscriptions turned in by each individual contestant during the coming week - the final week of The Herald's big automobile prize contest - the race will be brought to a close with a sealed ballot box, thereby preventing any possibility of favoritism and insuring fairness to the minutest degree.

At the beginning of next week, ballot box will be placed in the vaults of The Everglades Federal Savings and Loan Assn., after which time and at this place contestants themselves will place their final collections and subscriptions in special envelopes provided for the purpose instead of reporting to The Herald contest department as heretofore.

IMPORTANT NOTICE: All subscriptions placed in sealed ballot box must be accompanied by full amount to cover in the form of cash or post office money order. However, personal checks not to exceed \$10 will be accepted, providing no two checks are signed by the same party. This ruling is made in fairness to all contestants and will be adhered to strictly.

AN INVITATION TO CONTEST JUDGES

Members of the advisory board are requested to be present at the Everglades Federal Savings and Loan Assn. shortly before the closing hour of contest - 12:00 o'clock Saturday noon, June 26th - for simple instructions before making final count and naming winners.

Contest closes at the stroke of noon at which time contest judges will take charge of ballot box and the seals will be broken and contents counted and checked at the Everglades Savings and Loan Assn.

There will be no waiting or unnecessary formalities. Winners will be announced by judges immediately after count and prizes will be awarded them and there on the spot.

PERSONNEL OF ADVISORY BOARD IS AS FOLLOWS

Mr. Frank Hobson, Principal Belle Glade High School; Mr. Fellow Morris, Principal South Bay School; Mayor Harold Rubin, Belle Glade; Mr. George Wedgworth, President Chamber of Commerce; Mr. H. B. McColl, Everglades Federal Savings & Loan Assn.; Mr. Ed Lively, President Florida National Bank; Mr. C. A. Thomas, Farmer, Lake Harbor; Mr. L. W. West, Postmaster, Chosen, Fla.

RONALD JONES

Walter Mosley and Ronald Jones were juniors of the Belle Glade High School selected to represent their school at Boys' State, Florida State University, Tallahassee.

The delegates were judged for qualities of character, ability in leadership, scholarship, and physical fitness. The students will attend June 20 and for a week will take over the state and county affairs in mock legislatures in order to see how the government is carried on.

Walter is the son of Mr. and Mrs. Walter Mosley of Chosen and Ronald is the son of Mr. and Mrs. Vernon Jones, Palm Beach Rd.

ST. JOHN MAKES FIRST PAYMENT

Last week a down payment was made to Mr. Joe Friedheim by the treasurer of the Episcopal Church of St. John the Apostle, Mr. E. M. Lively, for the property on which the new church will be built. The rapidly growing congregation held its first morning service last September in the building of the Belle Glade Woman's Club where services are still held. As soon as rough plans are drawn by an architect a campaign will get under way to

raise funds so that ground may be broken as soon as possible.

ST. ELIZABETH'S GUILD MAKES MASS VESTMENTS

Pentecost Sunday when Father Petrie blessed the new set of vestments for the St. John the Apostle Church had sets in all the liturgical colors except black which will not be needed until the congregation has its own building. Three of the sets are the work of St. Elizabeth's Guild of which Mrs. Thomas Bregger is president.

MALCOLM BOES PLACE
2ND IN USAF BARBER
SHOP QUARTET FINALS

Word has been received here from the Rev. and Mrs. E. W. McLeod in Washington, D. C. that the quartet, "Harmonaires," of which their twin sons, A/2c Ura Malcolm, Jr. and Edward Malcolm are members, won second place in the "Air-Force-Wide Barber Shop Quartet" held at Bolling Air Force Base Theatre, June 8, 1954.

The contestants who appeared have already distinguished themselves as winners in basic competition in the U. S. and throughout the world. Over 60 quartets entered the contest in the beginning.

The winning quartet, Air Fours from Scott Air Force Base, Illinois, earned the silver trophy called a "Rogers" trophy. Other quartets surviving the competition were from California, England, New York, Alaska, Illinois, Mississippi, South Dakota, Washington, and Wyoming.

The contest was sponsored by Special Services Branch, Headquarters USAF.

The Malcolms are proud of their sons winning second place and they were to attend the World-wide SPERSOCA (Society for the Promotion and Encouragement of Barber Shop Quartet Singing in America) which was held at Constitution Hall June 10-11-12.

Bolling Air Force Base played host to these outstanding singers and to service personnel and their families.

Five contracts now in force for construction of pump stations, canals, levees and control structures in both the Fort Lauderdale-Davie Area and the Everglades Agricultural Area. It will also enable new stations to be made on our pump station streams and three canals with their

adjacent areas in the Everglades Agricultural Area.

If the increase to \$6.1 million recommended by the Senate Appropriations Committee is appropriated, it will permit greater improvements in the 2000-acre Lake 7, an additional new starts on construction of another large pump station, three canals with adjacent levees, and a bridge in the agricultural area, and a coastal canal and bridge in the Miami area.

In addition to these funds the Senate Appropriations Committee approved the use of advance contributions of \$2,900,000 by local interests, if the entire encirclement is authorized by Congress, as is expected.

--- AND A GOOD TIP FOR YOU

WHEN it comes to sales, every car maker aspires to be up at the top of his price class.

Which is only natural. Popularity like that means success.

We know, because for years Buick has held such an envied position — the unquestioned sales leader in its class. And with good reasons in styling, room, power, value.

But today, folks like you have pushed Buick success even beyond such bounds.

Today, the top sales standing of a full generation have been changed.

Today, latest sales figures for the

first four months of 1954 reveal this phenomenal fact:

In total national volume, regardless of price class, Buick is outselling all cars in America except two of the so-called "low-price three."

That's a tip too good to pass up.

That's the tip-off that Buick must have the hottest styling of the times and the sweetest performance of the year.

More important, that's the tip-off that Buick prices are well within the reach of more and more people — and that such prices buy a lot more automobile per dollar.

So why not look into the tomorrow-style Buick that puts you so far ahead today?

Come in, or phone us this week for a demonstration. Then you can judge for yourself that Buick really is the beautiful buy — by far.

GMC TRUCKS IMPROVE BRAKING FACILITIES

Substantial progress towards increased highway safety has been made as a result of constant improvement in GMC truck and bus brake systems in the past several years. It was the late Tom Monaghan, president, who, as general manager of the GMC Truck and Coach Division.

Stopping distances of GMC trucks and coaches after emergency stops have been shortened considerably as a result of many engineering developments, some of which were made possible by World War II by GMC engineers and brake suppliers, Monaghan said.

"There has not only been a continual improvement in the safety factor but a much longer life for the various components in the brake system as well," he said. "We are aware that this is of great significance to the truck operator and motorist, public, and GMC has been making every effort possible to lead the way in this field."

There are three general areas that govern the effectiveness of braking trucks or coaches, Monaghan said. The first is driver perception and reaction, over which a manufacturer has little control, except to make the driver comfortable, give him a good range of vision, and while he is driving.

place the brake controls within easy reach.

The second factor is the mechanical transmission of the braking power, whether it be air or hydraulic, to the brakes themselves, while the third area is the application of the brakes at the wheels.

The distance between driver reaction and the full-pressure application of the brakes at the wheels is an extremely important interval time. GMC and its brake suppliers have been working to shorten this time.

For instance, the full-pressure time for a GMC 4-wheel tractor-trailer, has been cut from .31 seconds to .23 seconds, and on a GMC 4-passenger GM coach the time has been shortened from .42 to .16 second on the rear wheels, and from .39 to .18 seconds on the front wheels.

KISSIMMEE RODEO PREPARES FOR BIG JULY FOURTH SHOW

A total of \$1995 in prize money has been awarded for the rodeo. Annual Silver Spurs Rodeo, according to Rodeo Chairman Doc Partin, and has been approved by Rodeo Cowboys Association. Entry fees of \$15 per head will be added to the price to make the purses total between \$3,000 and \$4,000.

"As every rodeo fan knows, each contestant is out to win, because otherwise he would not be there for his effort," Partin explained. The 1954 day money of \$125 is somewhat greater than the usual price offered at the Kissimmee show, and is designed to attract the best available rodeo talent.

The 1954 rodeo will open Saturday evening at 8 o'clock, following a rodeo parade in downtown Kissimmee beginning at 5 p.m. Afternoon performances will be held Saturday, July 4, at 2 p.m.

Cowboys will compete in five major contest events: Bareback Riding, Bull Riding, Steer Wrestling, and Calf Roping. Partin reported. In addition, the club will award \$600 in winners to the Girls' Cloverleaf Race, and \$50 to winners in the Boys' Relay Race, both of which are limited to juvenile entries this year.

Mildred Murphy and her schoolgirl helpers, the world-famous Silver Spurs Horseback Club, and a team of trick and fancy riders are included in the program.

Box seats are available for the first time in the new-covered South grandstand, construction of which is assured by opening date.

My Faith Looks Up to Thee

A bank clerk and a shoe clerk stop for a chat

Two men stopped in front of a store in Boston. One was Lowell Mason, near middle age and just back from Savannah, Ga., where for 16 years he had been a teacher and a minister. The other was 24-year-old Ray Palmer, recent dry goods clerk and graduate of Yale.

Three years earlier, Palmer had been a student of Doctor of Music, conferred by an American college and was to go down in history as perhaps the greatest hymn writer of all time. That same year, 1832, Palmer was to be ordained a minister in the Congregational Church and was to serve as a volume of "Hymns."

Lowell Mason was directing three choirs, holding the Boston Academy of Music, and was the music director of the city schools and compiling material for his "Spiritual Songs for Social Worship." That's why he had stopped Palmer the street.

My faith looks up to Thee,
Thou only art worthy of my soul,
Savior divine.

Now hear me while I pray,
Take all my guilt away,
O let me from this day
Be wholly thine!

May thy rich grace impart
Strength to my fainting heart,
My zeal inspire;
As thou hast died for me,
O may my love to Thee
Pure, warm and changeless be,

A living fire.

He wanted the ministerial student to write some verses he could set to music for his book.

For 10 years Ray Palmer had burned the candle at both ends, and at 24 he was dead. He had been on his way to go on, to teach and study for the ministry he almost gave up. One night at his boarding house he wrote a poem just to read to his fellow students.

When Mason asked Palmer to write something for his hymnal, the youth student was given a week to do it. The composer borrowed a piece of paper and copied the poem. He said: "Mr. Palmer, you may do many things but you will never match the author of 'My Faith Looks Up to Thee.' That night in 1832 Lowell Mason set to music Dr. Ray Palmer's first and greatest hymn.

While life's dark maze I tread,
And grief's around me spread,
Be Thou my guide.

Darkness turn to day,
Wipe sorrow's tears away,
Let me ever stray
From Thee aside.

When ends life's transient dream,
When death's cold,ullen stream
Shall o'er me roll;

Blest Saviour, then, in love,
Fear not, distrust remove;

O bear me safe above
A ransomed soul.

**OLY TRUCK SKIDS
TUESDAY TRAFFIC
AT S. BAY BRIDGE**

Traffic was tied up for approximately an hour Monday afternoon at the South Bay bridge over the North New River canal when a semi-trail truck belonging to the Carter Oil Company and loaded with road equipment, skidded on the wet pavement during a heavy rain, struck the southeast corner of the bridge railing and jackedknifed across the bridge with the front end hanging over the canal. Fortunately no one was injured and the State Road crew will once more have to repair the bridge, a narrow one-way traffic bottleneck, at which numerous accidents have occurred in the past.

A gift of good whiskey's
like a rich relation...
it's sure of a
warm welcome!

Seems there's a plenty of pretty and practical gifts for women—but good presents for us men are scarcer than a 12-year-old at shore.

Just the shopping you save is reason enough to give Schenley.

But the big thing is, you can be sure it'll make your pappy pop with pleasure. Cause it's about the best whiskey you can buy, as this hourglass explains.

The glass means Nature's unhurried goodness. The "S" stands for Schenley's skill. Together, they make Schenley the best-tasting whiskey in ages.

You'll find Schenley all dressed up for the occasion in a handsome decanter, at no extra cost.

Working Always to Serve Floridians Better

**New engine power!
New operating economy!**

**New Chevrolet Trucks...
do more work per day... more work per dollar!**

You save hours on the road. Thanks to greater acceleration and hill-climbing ability, you can save time without increasing your maximum road speeds.

You save extra trips. That's because of extra load space. New pickup bodies are deeper, new stoke and platform bodies wider and longer.

You save on maintenance. New three-speed hydraulic transmission saves time and eliminates stops. Operates at extra cost on 1/2, 3/4-, 1-1/2- and 1-ton models.

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261"

(optional on 2-ton models at extra cost), delivers greater horsepower plus increased operating economy.

You save with lower upkeep, too. There are heavier axle shafts in two-ton models, bigger clutches in light and heavy-duty models, stronger frames in all models.

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks!

Come in and see all the wonderful new things you get in America's number one truck.

Now's the time to buy! Get our BIG DEAL! Save with a New Chevrolet!
